# WINDSHIELD MODULES

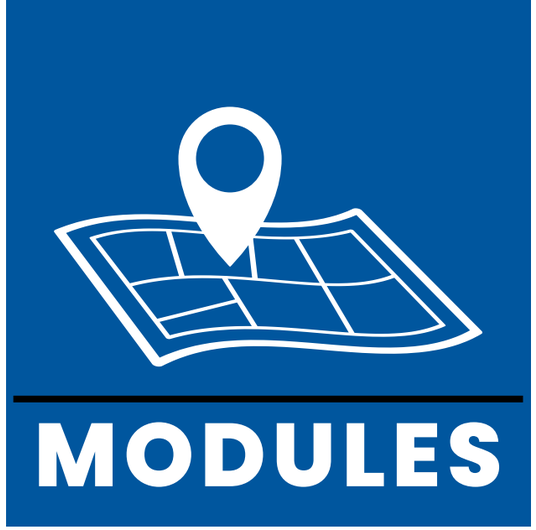
DETAILS

MODULES

# Vehicle Management

- Vehicle registration and details
- Maintenance schedules and records
- Tracking of fuel consumption and expenses

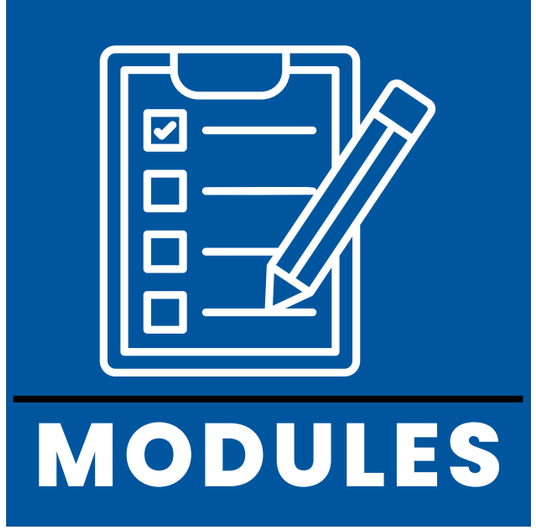
windshield | Transportation Management System



# Route Planning and Optimization

- Planning of optimal routes for deliveries or trips
- Integration with GPS for real-time tracking
- Consideration of traffic conditions and constraints

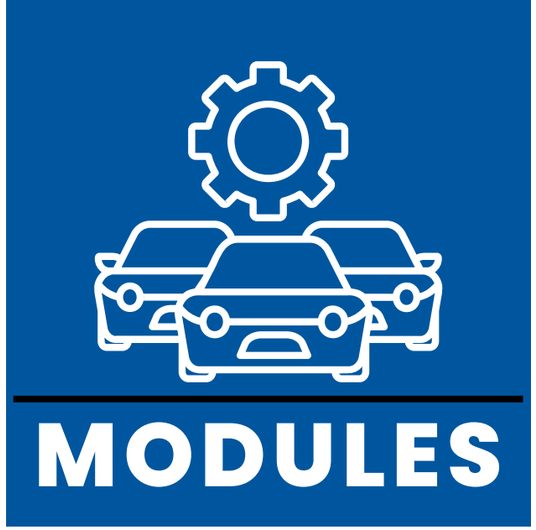
windshield | Transportation Management System



# Order Management

- Order creation and processing
- Assignment of orders to vehicles
- Order tracking and status updates

windshield | Transportation Management System



# Fleet Tracking and Telematics

- Real-time tracking of vehicle locations
- Telematics data (speed, mileage, engine health)
- Geofencing for route adherence

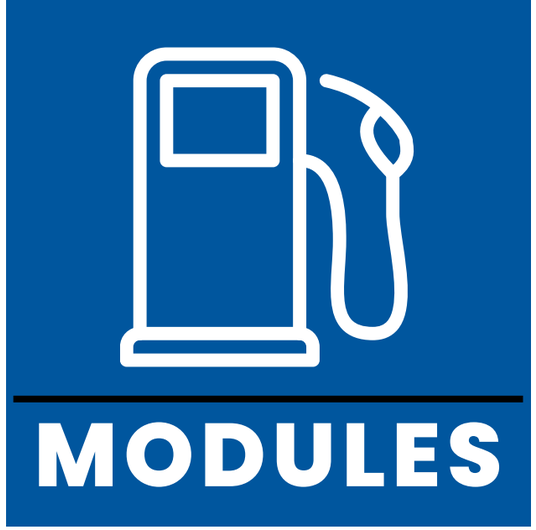
windshield | Transportation Management System

MODULES

# Driver Management

- Driver profiles and details
- Driver schedules and assignments
- Compliance with driver regulations

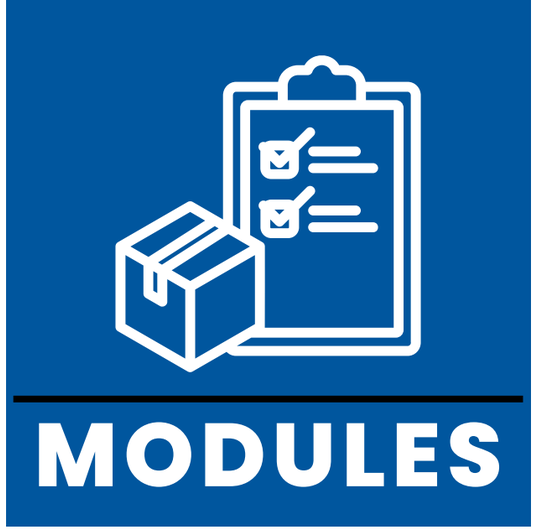
windshield | Transportation Management System



# Fuel Management

- Fuel consumption tracking
- Fuel purchase records
- Fuel efficiency analysis

windshield | Transportation Management System



# Inventory Management

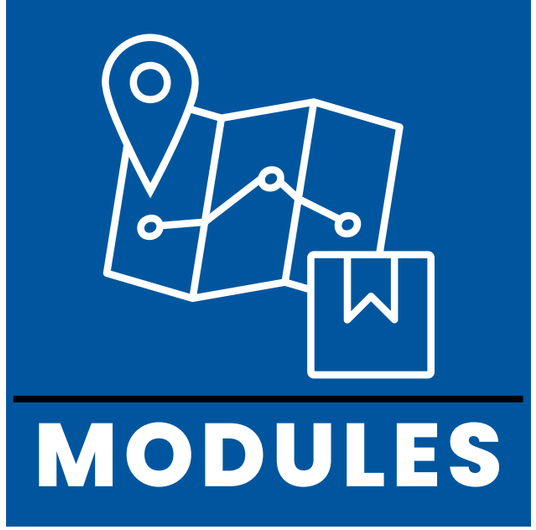
- Tracking and management of goods or inventory in transit
- Integration with warehouse or inventory systems

windshield | Transportation Management System

# Load Planning and Optimization

- Optimal distribution of goods across vehicles
- Load balancing for efficiency
- Weight and volume considerations

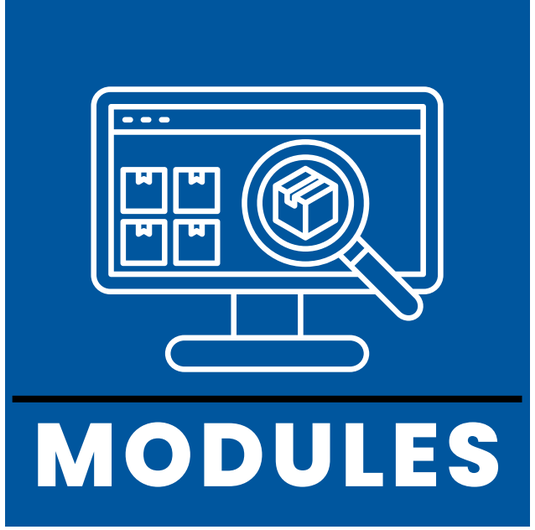
windshield | Transportation Management System



# Routing and Scheduling

- Automated scheduling of transportation tasks
- Dynamic adjustment of schedules based on real-time data
- Route optimization for multiple stops

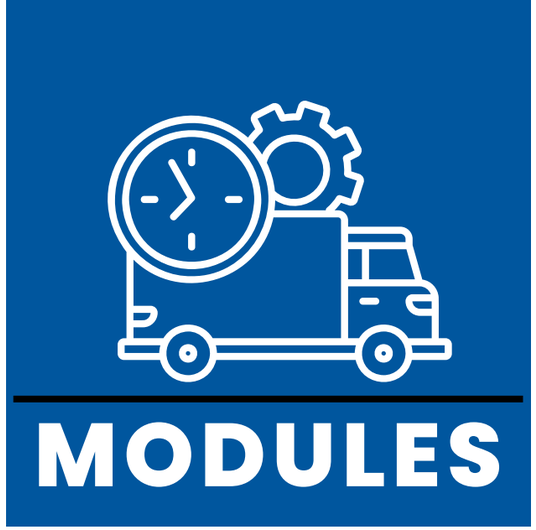
windshield | Transportation Management System



# Order Tracking and Visibility

- Real-time visibility into the status of orders
- Estimated time of arrival (ETA) notifications
- Proof of delivery documentation

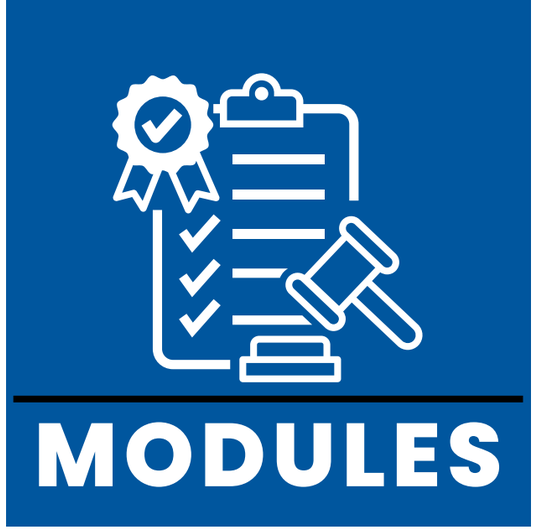
windshield | Transportation Management System



# Carrier Management

- Management of relationships with external carriers
- Carrier performance tracking
- Rate negotiation and management

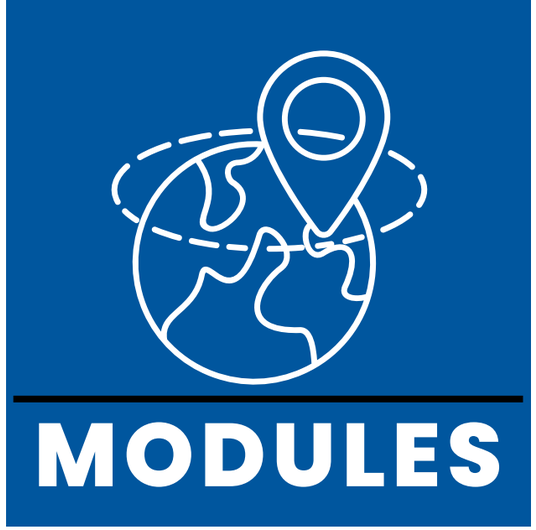
windshield | Transportation Management System



# Compliance and Regulations

- Compliance with transportation regulations
- Documentation management for regulatory compliance

windshield | Transportation Management System



# Shipment Visibility

- Real-time visibility into the movement of shipments
- Tracking of shipments through the supply chain

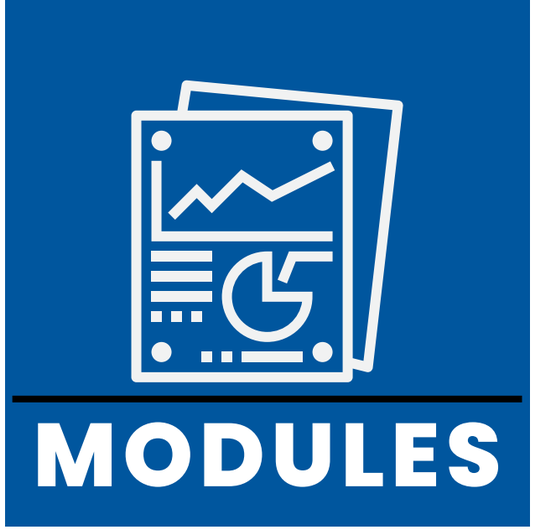
windshield | Transportation Management System

MODULES

# Billing and Invoicing

- Automated billing based on transportation services
- Invoicing and payment tracking
- Rate calculation and adjustments

windshield | Transportation Management System



# Analytics and Reporting

- Reports on transportation efficiency
- Key performance indicators (KPIs)
- Historical data for trend analysis
